Getting Here

How do I get there? For those who have never been to St. Lawrence College – Kingston Campus, attached to this email are maps which include **directions to the college** and a **room location guide** which will help you with directions once you arrive. There will also be directional signage posted on site to provide further assistance.

What about parking fees? For those who don't have a St. Lawrence College parking pass, please print a copy of the **attached parking pass** and display it on your dashboard on the Kingston Campus.

Bus Travelers: If you are travelling by bus from the Cornwall or Brockville campus, and are planning to leave your car on campus; park in the area designated on the Brockville/Cornwall map (attached to this email). You will **not** require a pass in the windshield.

Registration & Information Desk

When you arrive at the Conference, please come to the registration desk to sign in and pick up your participant's kit. The registration and information desk will be located on the **stage area** in the main **Dining Hall.** (For map of locations: See attached Conference at a Glance & Room Location Guide)

Participant Kits

Your participant's kit has important conference information, including:

- A summary of key facts and contacts
- Two name tags (one for each day)
- Meal Ticket(s) (if pre-registered)
- Additional information for Brockville and Cornwall campus employees

We are trying to keep the conference as ***'paperless'*** as possible by reducing the amount of paper in each kit. That being said, there will be a limited supply of printed copies (links below and on the CCTL Website) available at the registration desk for those who require them:

- **Conference-at-a-glance** – for those who do not have access to SCHED or their conference selections
- **Room Location Guide** – for those not familiar with the campus
- **Informed Consent & ParQ Forms** – required for participants of the *Bollywood Dance* and *Meditation* Sessions.

Special Dietary and Other Needs

Special dietary needs have been communicated with the Brown's. When you are in the chef's line, simply let the server know.

Accessing & Changing Your Schedule

Can I access & update my workshop selections and view my schedule? **YES!** This year, we are using an online conference scheduling system called **SCHED.** Once you registered for the conference using **Event Brite** you were automatically transferred to **SCHED** to select your workshop options.

As part of the registration process, you have been provided with a complimentary **SCHED account**, which provides you with **full access** to our online conference program. To access your account, go to the SCHED main website and login to your account. (If you don't remember your password, there's a 'reset my password' option. Once you are logged into SCHED, you can:

- **Review and Edit Workshop Selections:** – See what you have registered for, and make changes to your selections.
- **Find out who else is coming and hot workshop topics** – See who else is coming to the conference and find out what workshops are currently ***trending***.
- **Update your profile** – Add a photo (funny or professional), bio, website/blog, or other details to your account.
- **Take your schedule with you** – You can access your personal agenda online, in the mobile app, print it out, or sync it to your calendar.
- **More** – Check out the SCHED Guides for Attendees for more information.

Tip: You should have received an email from SCHED after you registered for the conference. It should have provided you with a copy of your conference schedule and also invited you to review your account and update your profile. Your SCHED account is under the same email account. If you did not receive an email, or would like assistance, feel free to contact me at veast@sl.on.ca or 613-544-5400 ext. 1127 for assistance.

I just want to know what my selections are - You don't need to login to SCHED. We have set it up so that you will receive **one email each morning** (from SCHED) before the conference opens which will provide you with your workshop selections for the day – including the location of each session.

Tip: The LCC Planning team members who are stationed at the Registration/Information Desk will have iPads on hand that can be used to look up your personal schedule.

How can I participate in the 50th Anniversary Celebrations?

Share your memories at the Pop-Up Museum - In honour of St. Lawrence College's 50th anniversary you are invited to contribute to our **Pop-Up Museum: A Blast from the Past** which will showcase items that trigger memories of the past, and help to celebrate our journey. Bring anything that tells a story or reminds you of St. Lawrence College throughout the last 50 years. These objects will be used to create a **Pop-Up Museum** which will be displayed in the **Dining Hall** throughout the day on Tuesday, May 30th.

What do I need to do to participate in the Pop-Up Museum?

- Bring **any object,** (it can be a picture/email/technology, etc.) to the **Registration/Information Desk**, located in the **Dining Hall** the morning of **May 30th.**
- Include a **small description** (history) of the item, including **why** it is important to you
- You are **not** required to stand by the object at the **Pop Up Museum**
- Pick up your object at the end of the day (May 30).

Conference Main Attractions

If you haven't already registered for these sessions, feel free to update your schedule and join us at these **main attractions**.

May 30, 9:30-10:30 am - Conference Kick Off & Keynote Address (Dining Hall)

At 9:30 Glenn Vollebregt will officially kick off the conference followed by a 45 minute dynamic presentation by **George Couros: The Innovator's Mindset**.

> Carol Dweck's work has focused on the ideas of "fixed" and "growth" mindset, yet educators will need to go a step further with these notions to create the learning opportunities and that our students and schools deserve. We need to focus not only what we know, but what we do with what we know. In this talk, George will discuss the idea and characteristics of "The Innovator's Mindset" (as discussed in the book of the same title), and share powerful examples on why this is so crucial for all educators. George's presentations are known to be emotional, humorous, all while pushing your thinking, and will definitely connect to your heart first, in a way that will last with you long after this keynote.
