Instructions for Hiding Courses from your Dashboard

Every semester, more and more courses are being created and it is a good practice to hide unnecessary courses, especially when operating **in MASTER courses**. Hiding a course does not delete it and you can reverse the process and make it visible again. Here is how to do it:

- Go to My Dashboard > My Courses > Click on the wheel (setting symbol in the upper right corner)
- Select/un-select courses to hide them or make them visible under My Courses on you Dashboard.
- Click Submit
